

QCP™ Corrosion-Resistant Plug

(Quick-Connect Plug)

Don't replace the entire assembly when only the plug is bad!

- ▶ FIELD REPAIRABLE IN SECONDS!
- ▶ Plug is sealed for corrosion protection
- ▶ Excellent recoil memory, chemical & abrasion resistance
- ▶ Replaceable cartridge for quick & easy repair on the road
- ▶ U.S. Patent No. 7,097,469

ABS PERMACOIL™ with QCP™

1/8, 2/10 & 4/12 ga ABS Applications

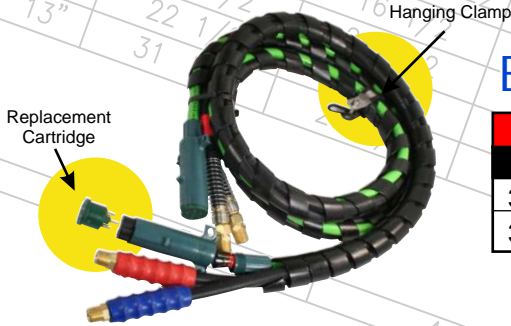

Part No.	Description
30-4324	12', with QCP™ (Quick-Connect Plugs)
30-4624	15', with QCP™ (Quick-Connect Plugs)
30-4924	15', 48" lead with QCP™ (Quick-Connect Plugs)

Straight ABS PERMACOIL with QCP™

1/8, 2/10 & 4/12 ga ABS Applications

Part No.	Description
30-2054	12', with QCP™ (Quick-Connect Plugs)
30-2074	15', with QCP™ (Quick-Connect Plugs)

Electrical & Air Assembly with QCP™

1/8, 2/10 & 4/12 ga ABS Applications

Part No.	Description
30-2154	12', with QCP™ (Quick-Connect Plugs)
30-2174	15', with QCP™ (Quick-Connect Plugs)

QCS2® Corrosion-Resistant Harness

(Quick-Connect Socket)

16-7403

16-724

Part No.	Description
16-7403	Straight back, 48" lead blunt cut, includes socket
16-724	Replacement socket, 2-hole, bullet termination

- ▶ Significantly reduces socket replacement time, lowering maintenance costs
- ▶ Molded housing includes integrated flange to seal out moisture and corrosion
- ▶ For use with standard ABS wiring system
- ▶ Standard on most OE truck

QCS® Corrosion-Resistant Harness

(Quick-Connect Socket)

16-7421

16-726

Part No.	Description
16-7421	6 o'clock, 48" blunt-cut cable, includes socket
16-726	Replacement socket, 2-hole, bullet with locking clip for Phillips QCS®

- ▶ Significantly reduces socket replacement time
- ▶ For use with standard ABS wiring system
- ▶ For use with most OEM configuration
