# ENHANCE FUEL ECONOMY

## SAVE UP TO 6% IN FUEL COSTS!

Rising fuel prices have become a huge concern in the trucking industry, particularly those who depend on their fleet to move goods across the country. The economical "Air Slipper® Side Skirts" can save up to 6% in fuel costs...which means a significant increase to your bottom line. Easily mounted along the side walls of the trailer, the Air Slipper® Side Skirts reduces the side drag and swaying resulting in a smoother ride and real fuel savings.

- Enhances the aerodynamics of a trailer
- Reduces drag and jerking from gusting wind
- Reduces harmful greenhouse gas emissions
- Improves appearance and performance
- Low initial investment, pay back is short
- Quick and easy to install
- Light weight

P/N	Weight Lbs.	Description	Net
034-02290	199.6	28" wide and 25' long bulk kit	\$1375.00
034-02300	169.1	28" wide and 20' long bulk kit	\$1110.00

### AIR SLIPPER TRAILER SIDE SKIRTS REPLACEMENT PARTS LIST

Part Number	Description
034-02425	Complete Set of 29" x 25' Panels w/ Flex Extrusion (Both sides of Trailer - 6 Panels)
034-02418	Side Skirts Front Roadside Panel Only w/ Flex Extrusion
034-02419	Side Skirts Middle Roadside Panel Only w/ Flex Extrusion
034-02420	Side Skirts Rear Roadside Panel Only w/ Flex Extrusion
034-02421	Side Skirts Front Curbside Panel Only w/ Flex Extrusion
034-02422	Side Skirts Middle Curbside Panel Only w/ Flex Extrusion
034-02423	Side Skirts Rear Curbside Panel Only w/ Flex Extrusion
034-02415	Side Skirts Replacement Bracket Set - Includes 2 Assembled Cross Brace Brackets & Hardware

# BULLYDOG HD PROGRAMMERS

The Bully Big Rig Power Pup programmers have been designed with one primary goal in mind - to add bottom line profits through lower fuel consumption costs in big rig trucks. Experienced in tuning light trucks, Bully Dog saw an opportunity in the big rig market. The company has assisted light truck owners' with added fuel efficiency for years, to the point where return on investments is often seen in a matter of months! Also, it has provided additional power for towing and even racing to the light truck market for the last eight years.

Therefore, Bully Dog's years of experience have been combined with its engineering knowledge to make big rigs more fuel efficient. It has invested significant resources in research, engineering, and testing to ensure that this product works. The results, documented through rigorous testing, speak for themselves - up to 6-12% improvement in fuel economy!

- **6-12% Average Fuel Economy Gains**
- **High Return on Investment**
- **Safe & Simple Engine Upgrades**
- **More Horsepower**
- **More Torque**
- **Easy Installation**
- **SAE Tested in Reliable Results**
- **Internet Upgradable**

### Cat Specific Features

- **Speed Limiter**
- **Idle Time**
- **Cruise High / Cruise Low**

## BULLY DOG

### Part # 46520

Caterpillar:  
 3406E 14.6L '94-'98  
 3406E 15.8L '97-'99  
 C10 10.3L '99-'03  
 C11 11.1L '04-'10  
 C12 12.0L '99-'03  
 C13 12.5L '04-10  
 C15 14.6L '99-'03  
 C15 15.2L '04-'10  
 C16 15.8L '99-'02

### Part # 46510

Cummins:  
 '03-'10 ISX  
 '03-'10 ISM

### Part #46530

Detroit:  
 '98 - '05 DDEC IV  
 '01 - '07 DDEC V

# HD WATCHDOG MULTIFUNCTION GAUGES

The Heavy Duty WatchDog is a multifunctional digital gauge pack designed to help truck drivers improve fuel economy, reduce vehicle wear and tear, improve on road safety, and increase utility. The WatchDog is packed with features that provide Fleet managers and owner operators with tools to save money and help improve driver behavior.

For instance: driving through some provinces in Canada requires that the speed governor be set to 65 mph. With the WatchDog you can quickly change the OEM speed limiter/ governor in the ECM as many times as is necessary without any assistance necessary. Fleet managers can also improve the fuel economy of their entire fleet by lowering speed limiters on their fleet.
